

WORKING WITH THE LAND: EROSION CONTROL & REPAIR WORKSHOP

FREE Workshop!

TNRM & VRDCA invite all stakeholders attend this free erosion workshop with presenter Darryl Hill, hosted by Wave Hill Station.

This workshop aims to provide climate smart solutions for NT land managers to aid in building skills to tackle erosion, form better roads and tracks, manage your property, and use graders and other machinery. It will also cover how to manage and recover flood damaged land to restore agricultural productivity.

KEY SKILLS

- Control and repair erosion on tracks, fencelines and fire breaks
- Build strong, reliable fire breaks
- Keep soil and silt in place during heavy rain
- Maintain washouts before they worsen
- Save time and money with smart erosion control
- Form, create and maintain roads
- Build "Whoa Boys" to control water and protect tracks

PRESENTER

Darryl Hill has over 40 years' experience across the NT, specialising in low-maintenance, practical erosion control using machinery.

This free workshop is fully catered, all meals are provided by Wave Hill Station.

This event is supported by the Australian Government through funding from the Natural Heritage Trust under the Climate-Smart Agriculture Program.

IMPORTANT INFORMATION

WHEN 9th - 10th June 2025

TIME 9th June - 9am until dark
10th June - 7am until lunch

WHERE Wave Hill Station
14,160 Buntine Highway,
Gurindji NT 0852

WHAT TO BRING BYO swag for camping
Radio, channel 6
For biosecurity, please ensure vehicle is cleaned prior to arrival.

RSVP BY 5TH JUNE
