

LIVING WITH POSSUMS IN THE TOP END

FREE Community event!

Do you see possums as mischievous, or are they a mystery to you?

Bring the whole family for a fun-filled community event where you'll learn all about our local possums and how we can live alongside our amazing native wildlife.

Learn practical tips to:

- Possum-proof your house — keep possums out of your home, without harming them.
- Protect your garden's fruit and veggies from curious critters.
- Understand why possums are an important part of the ecosystem and how you can help them.

This free community event includes wildlife interactions, information stalls, a native plant giveaway, and free raffle!
